

FRED W.

*Proud Lincoln County
resident for the past 52 years.*

JUST

**I'M EXCITED TO ANNOUNCE MY CANDIDACY FOR THE
LINCOLN COUNTY AMBULANCE DISTRICT BOARD, SUB-DISTRICT #4.**

**While others may be easily influenced by self interests, I am
DEDICATED TO THE CITIZENS OF LINCOLN COUNTY
and WILL BE AN ADVOCATE FOR YOU!**

**Leadership in the Lincoln County Ambulance District
must be organized, efficient and have open
communication with community involvement to deliver
the best, most up-to-date emergency care available.**

- *Many Lincoln County residents have shared their concerns with me about the Ambulance District's spending and budget utilization.*
- *Hiring of employees needs to be better regulated.*
- *A lot of money spent out of the budget is done in other counties as well. Our money needs to stay at home.*

MY GOALS IF I'M ELECTED:

- **Bring the Ambulance District up-to-date.**
- **Use the resources we have wisely.**
- **Make sure that tax dollars paid to the District are not leaving Lincoln County.**
- **Ensure that strategic and conservative fiscal decisions are being made to curb spending without increasing taxes.**
- **Further the District's current economic position and look to the future.**

Self motivation, working well with the public, being a team player and taking responsibility for myself and others have always been the backbone of my morals and work ethics.

I believe that along with being a lifelong resident of Lincoln County, my previous training and employment experience will allow me to help strengthen our community and the Lincoln County Ambulance District.

- *Attended Troy R-III schools, graduated from there in 1974.*
- *Worked for the Lincoln County Highway Department for two years.*
- *Hired on by General Motors, then a lay off gave me the opportunity to own and operate a successful muffler shop in Troy for 4-1/2 years.*
- *Returned to General Motors in 1984; there until my retirement in 2008.*
- *Completed classes for contract negotiations and conflict resolutions; completed my journeymanhip in statistical engineering.*
- *Maintained community ties with part time employment at O'Reilly Auto Parts and Buzzy's Liquor & Sporting Goods, just to name a few.*
- *Past two years of seasonal work with the City of Troy's Parks and Recreation Department. Starting my third season with them this year.*

I am grateful and honored to have the opportunity to run for this position.

I LOOK FORWARD TO POSITIVE CHANGE!

If you would like to talk to me, feel free to call me at (636) 528-8106.

Thank you for your consideration. Fred W. Jost

Paid for by the candidate.
