

- Why are you running for election on the Lincoln County Ambulance Board of Directors?

It has been brought to my attention that things at the ambulance district aren't what they seem to be and through research, I'm finding this to be true. I would like the opportunity to make positive change.

- What do you consider to be the top three priorities of the Ambulance District?

- 1) To serve our county citizens with professionalism, dignity and respect.
- 2) To be the best ambulance district that we can be by staying up to date on all training and keeping all equipment up to date.
- 3) Staying within the budget and keeping our spending at home. We need to make sure that tax dollars paid to the district are not leaving Lincoln County and ensure that decisions are being made to curb spending without increasing taxes.

- In your opinion, what is the greatest opportunity and biggest threat to the District?

I'm going to start with the threat and that is that there is conflict within the district that needs to be addressed.

The greatest opportunity is to bring the district together as a whole so we can better support and serve the county residents in a fiscally responsible manner, while also promoting area hiring.
